

Toolsaver Long Leash Flex Skylotec

Product information

Long leash for securing tools from falling when working at heights. With a spiral strap that is from 73 cm up to about 103 cm when it is stretched the most it can. With a self-closing twist-lock carabiner at one end for easily attachment to your personal protective equipment.

- Optimal for tools up to 4.5 kg
- Stretchable flex-band for comfortable working
- Doesn't twist or wear out the cable, even after many uses

Toolsaver Long Leash Flex Skylotec
